FOR IMMEDIATE RELEASE

UNITED SUPPORT SOLUTIONS ANNOUNCES SISTER COMPANY: AEROTECH PROCESSING SOLUTIONS

Cedar Grove, New Jersey – JANUARY 16, 2012 –United Support Solutions, Inc. is proud to announce our sister company, Aerotech Processing Solutions, effective January 16, 2012. This strategic partnership blends high tech manufacturing, finishing, assembly, and testing capabilities to form an end-to-end supply chain for top aerospace and defense companies. It will enable sharing of talents, resources, and facilities for a combined total of three Northern New Jersey locations and more than 100 employees.

Aerotech Processing Solutions is a world-class chemical processing facility with advanced technological capabilities, specializing in proprietary finishes for complex aircraft components. By investing in R&D, state-of-the art equipment, and achieving high standard prime approvals and certifications, Aerotech Processing Solutions offers a new standard of finishing.

For decades, United Support Solutions has built-up a full spectrum of capabilities in sheet metal fabrication, machining, chemical conversion coating, painting, powder coating, silk-screening, and assembly. “By combining the complementary services of both companies, United Support Solutions and Aerotech Processing Solutions create an end-to-end supply chain that will make us more competitive, add value for customers, and strengthen our position in a growing market”, states Melissa Ostering, United Support Solutions’ Director of Business Development.

A list of military specifications and standards met by United Support Solutions and Aerotech Processing Solutions can be found here: <http://www.aerotechprocessing.com/services.html>

About United Support Solutions

Celebrating thirty-two years in business, United Support Solutions is an ISO 9001:2008 and ITAR registered firm, producing critical components and assemblies for defense and aerospace applications. United Support Solutions provides a full spectrum of one-stop manufacturing services, from engineering support, to sheet metal fabrication, machining, finishing, painting, powder coating, silk-screening, assembly, integration, and kitting.

About Aerotech Processing Solutions

Aerotech Processing Solutions is a NADCAP Accredited firm specializing in proprietary anodizing processes, hard coating, high tech chemical film processes, shot peen, and nondestructive testing for top aerospace companies.
