UNITED SUPPORT SOLUTIONS, INC. EXPANDS MACHINING SERVICES IN SECOND FACILITY

Cedar Grove, New Jersey – November 4, 2010 –United Support Solutions, Inc. has announced the decision to expand machine shop operations at a 20,000 square foot facility in Totowa, NJ. The expanded operations will primarily produce precision components for defense and aerospace industries.

The Totowa facility will boast ISO 9001:2008 certified manufacturing and lean production. United Support Solutions is currently investing in state-of-the-art equipment and a highly skilled workforce. This investment is expected to generate 20 new jobs by the end of 2012.

By expanding current machining capabilities, “United Support Solutions can grow its current military customer base, while further offering services that add value and enable our company to respond rapidly, efficiently, and cost effectively to customers’ needs” stated Melissa Ostering, Director of Business Development.

Celebrating thirty-one years in business, United Support Solutions is an ISO 9001:2008 certified company, primarily producing critical components for military applications. The company set of services encompasses sheet metal fabrication, machining, painting, powder coating, finishing, silk-screening, and integration.
